

SACC - CABLE TO CABLE COMPRESSION GROUNDING SYSTEM

SACC-120-70

Description

**Purpose:** Cable to cable splice or branch. Suitable for COPPERSTEEL and copper cables.

**Characteristics:** Compression connection. High resistance to corrosion. It can be buried directly into the ground or concrete.

**Application:** Grounding systems in general (power distribution systems, grounding grids, residential, building and industrial grounding), grounding in telecommunication networks, grounding in substations).

**Material:** Copper alloy, supplied with antioxidant compound INTELTROX-Cu.
