

CADC - ALUMINUM WEDGE TYPE CONNECTOR

CADC-30A

Description

Purpose: CA or CAA aluminum and copper cables tap. Suitable for aluminum-aluminum and aluminum-copper connections.

Characteristics: Spring system connection (permanent tightening). High electrical conductivity and corrosion resistance.

Application: Power distribution lines.

Material: Aluminum alloy body and wedge. Supplied with antioxidant compound INTELTROX.

Application Tool: Impact tool with cartridge for wedge connector.

Datasheet
