

LCBF - CAST ALUMINUM COMPRESSION CONNECTOR WITH STIRRUP

LCBF-44

Description

Purpose: Connection with CA, CAA aluminum cables. Enables ing of a hotline clamp oring of up to four wedge type or compression connectors.

Characteristics: Compression connection. High electrical conductivity and corrosion resistance.

Application: Power distribution lines.

Material: Cast aluminum body and stirrup in electrolytic copper. Supplied with antioxidant compound INTELTROX.

Finishing (Stirrup): Tin plated.
